

PRITAM RAUNIYAR

Software Development Engineer

6201413304 • pritamrauniyar.np@gmail.com • <https://www.linkedin.com/in/pritamrauniyar/>

EXPERIENCE

OLA Electric

Bangalore

Software Development Engineer 1

06/2022 - 04/2023

- Designed a seamless payment experience for Debit/Credit card users by designing an intuitive UI and integrating robust API validation and integration processes.
- Designed a user-friendly interface for the Promise Engine that allows users to efficiently filter their scooter delivery dates by date, time, location and VIN number.
- Implemented localization of website's purchase flow using Next.js to enhance user experience for customers in different regions.
- Led the migration of local files to Azure and refactored the related imports, resulting in a more scalable and efficient system.

PROJECTS

Web - Dev (Portfolio)

<https://pritamrauniyar.com.np/>

- Created a portfolio web application using HTML, CSS, and JavaScript to showcase my work, experience, qualifications, and skills.
- This is a single-page static application that provides easy navigation and a seamless user experience responsive to all devices like mobile and laptops with optimized performance.
- Implemented a sample login and sign-up form to showcase my skills in web development available only in desktop view.

Web - Dev (Sanjivanees)

<https://sanjivaneesaccosjnk.com.np/>

- Created a captivating website utilizing pure HTML/ CSS and js that flawlessly adapts to any screen size, showcasing a stunning color scheme tailored to brand identity.
- The website features detailed information on products and services, an interactive contact form, and an easy-to-use job application form.
- The website also boasts an elegant, user-friendly navigation bar routing to more than 8 pages which have hover effects and beautiful theme design.

Web - Dev (EverGreen Impex)

<https://pritamrauniyar.github.io/EvergreenImpex/>

- Designed an intuitive user interface to showcase the company's products and services, reviews of valuable customers.
- Created a contact form to facilitate customer inquiries as well as optimize the application of Evergreen Impex to improve user experience and loading times
